Tournament Chair**

## The Skagit Valley College Whidbey Island Golf Classic

has contributed to our community for the past 18 years by generating funds that support students on Whidbey Island. This is a great opportunity to join with local business and community leaders who are committed to helping local students reach their educational goals. While the golf tournament itself is a lot of fun, the opportunity to change a life is a much greater accomplishment. Without this support, many would not have the financial ability to further their education. We look forward to your continued commitment to higher education. Thank you for your past generous support.

Sincerely,

Megan Bray Wise
