Skagit Valley College student, Krista Sunday, named to the All-Washington Academic Team and earns scholarships from the Trustees’ Association and Coca-Cola - by Arden Ainley, SVC Public Information Director

MOUNT VERNON, Wash. – Skagit Valley College student Krista Sunday, of La Conner, was honored recently at the 15th Annual All-Washington Academic Team ceremony held at South Puget Sound Community College in Olympia.

With more than 300 people in attendance, the ceremony provided an opportunity for community and technical college students to be recognized for their academic achievements and community involvement. This year’s team was made up of 63 students representing 32 community and technical colleges. Many legislators, college trustees, and family members also attended the celebration. Governor Chris Gregoire was on hand to congratulate the team members and their achievements.

During the ceremony, each student was presented with a commemorative medallion from his or her college president. Helping to honor Krista were Dr. Gary Tollefson, SVC President, and Debra Lisser, SVC Board of Trustees Member and this year’s President of the Trustees Association of Community and Technical Colleges (TACTC).

All team members received a $750 scholarship from the Northwest Education Loan Association and KeyBank of Washington. In addition, Krista received two other special honors during the ceremony. In recognition of ranking third on the team, TACTC President Debra Lisser presented Krista with a $1,000 Trustees’ Scholarship. She earned further distinction by being one of 50 students nationwide to be selected as a 2010 Coca-Cola Gold Scholar, based on scores earned in the All-USA Academic Team competition. For the Gold Scholar award, Krista received a special medallion and a $1,500 scholarship.

Krista Sunday is majoring in anthropology and has attended Skagit Valley College as a full-time student for the past two years. She has earned a 3.95 GPA while serving as Vice President of Fellowship of Phi Theta Kappa during her first year and Vice President of Service in her second year. She was admitted with distinction to Western Washington University and plans to pursue her degree in anthropology.

The All-Washington Academic Team has become the showcase for Washington’s community and technical colleges because it honors the academic high achievers, the men and women who have demonstrated a commitment to success in the classroom and in the communities in which they live. In addition, it demonstrates the state’s commitment to scholarship and community service on the part of those attending the state’s community and technical colleges.
