**LEARNING INTO ACTION**

*Helping students apply skills outside of the classroom.*

**Have you completed your LIA Project?** If you have 45 transferable credits you are eligible to begin your Learning Into Action (LIA) Project. LIA is a requisite component of the AAUCT degree. LIA allows students to design projects outside the classroom, which demonstrate skills and knowledge acquired in college course work.

**What kind of projects are acceptable?** All LIA projects must let you demonstrate your acquired knowledge and skills. Some of the suggested options include: Cooperative Education, original research, study abroad, community service, campus related activities, developing exhibits, lab work, or clinical experience.

**How do I sign up for this credit?** Complete an online LIA orientation (LIA link is [www.skagit.edu](http://www.skagit.edu)). Obtain a faculty sponsor with expertise in the project subject area, and work with that person to formalize your learning contract. Take your Learning Contract with Learning Objectives to the Counseling and Career Center for a signature and for registration numbers/codes. For more information or to make an appointment, contact the Counseling Department at 416.7654.

At least two of these must be learning communities. The Learning Communities available for Winter Quarter are:

## LEARNING INTO ACTION

*Helping students apply skills outside of the classroom.*

**Have you completed your LIA Project?** If you have 45 transferable credits you are eligible to begin your Learning Into Action (LIA) Project. LIA is a requisite component of the AAUCT degree. LIA allows students to design projects outside the classroom, which demonstrate skills and knowledge acquired in college course work.

**What kind of projects are acceptable?** All LIA projects must let you demonstrate your acquired knowledge and skills. Some of the suggested options include: Cooperative Education, original research, study abroad, community service, campus related activities, developing exhibits, lab work, or clinical experience.

**How do I sign up for this credit?** Complete an online LIA orientation (LIA link is [www.skagit.edu](http://www.skagit.edu)). Obtain a faculty sponsor with expertise in the project subject area, and work with that person to formalize your learning contract. Take your Learning Contract with Learning Objectives to the Counseling and Career Center for a signature and for registration numbers/codes. For more information or to make an appointment, contact the Counseling office at 416-7654.

**LEARNING INTO ACTION**

*Helping students apply skills outside of the classroom.*

**Have you completed your LIA Project?** If you have 45 transferable credits you are eligible to begin your Learning Into Action (LIA) Project. LIA is a requisite component of the AAUCT degree. LIA allows students to design projects outside the classroom, which demonstrate skills and knowledge acquired in college course work.

**What kind of projects are acceptable?** All LIA projects must let you demonstrate your acquired knowledge and skills. Some of the suggested options include: Cooperative Education, original research, study abroad, community service, campus related activities, developing exhibits, lab work, or clinical experience.

**How do I sign up for this credit?** Complete an online LIA orientation (LIA link is [www.skagit.edu](http://www.skagit.edu)). Obtain a faculty sponsor with expertise in the project subject area, and work with that person to formalize your learning contract. Take your Learning Contract with Learning Objectives to the Counseling and Career Center for a signature and for registration numbers/codes. For more information or to make an appointment, contact the Counseling and Career Center at 416-7654.
