Write Steps to Success:

For a successful start to your college experience

The “Write Steps to Success” is a developmental learning community designed to provide you with important skills to succeed in college. The class will provide a supportive environment where you will work closely with other students and your instructors to have a great start to your college career.

In this course you will learn...

- ◆ Essential skills for developing good writing.
- ◆ College success skills such as time management, memory techniques, note-taking skills and test-taking strategies.
- ◆ Planning tools to accomplish your academic goals: Career planning, academic planning, financial planning
- ◆ Wellness planning to incorporate a total health and fitness program into your lifestyle
- ◆ Earn 5 college level transferable credits and complete one required integrative learning experience.
