INTEGRATIVE EXPERIENCE

Integrative learning experiences include Learning Communities (LCs) and Integrative Experiences (IEs). An LC is the integrated combination of two or more courses from different areas of inquiry (e.g. sociology and literature, or physics and math, or speech and economics, or composition and philosophy). IEs are curricular (course) or co-curricular experiences designed by faculty in which students demonstrate their ability to integrate information, concepts, analytical frameworks, and/or skills from two or more areas of inquiry in a purposeful project or experience. (See also Learning Into Action for information about how some LIA projects can be proposed as Integrative Experiences.) Students completing the transfer degrees must complete three Integrative Learning Experiences. Two must be Learning Communities (LCs); the third can be another LC or an Integrative Experience (IE).

INTEGRATIVE EXPERIENCES
Integrative Experience courses are seminar-style or other courses designed to integrate information, concepts, analytical frameworks, and/or skills from two or more areas of inquiry in the context of a single course. The Integrative Experiences (IEs) available for Fall Quarter is:

LEARNING COMMUNITIES

Composition
These Learning communities pair a composition class with another discipline to reinforce learning and meets a Learning Community requirement for all Associate degrees. Students seeking AAUCT, ABT, or AS degrees may use Linked Learning Communities to meet part of the Integrated Studies requirements. For more information, see Student Services or talk with a member of the English Department. English 101 prerequisite: Appropriate COMPASS score or a grade of “C” or higher in ENGL 99. English 104 prerequisite: Grade of 2.0 or higher in ENGL 101.

ENGL 097: Writing for College Success
Students will sharpen their writing skills as they learn the secrets of college success and explore their growth as students. Students must enroll in both classes. Prerequisite: Appropriate test scores.

HELPING STUDENTS APPLY SKILLS OUTSIDE OF THE CLASSROOM
LIA allows students to design projects outside the classroom which demonstrate skills and knowledge acquired in college course work. Students who have approximately 45 transferable credits are eligible to complete a Learning Into Action (LIA) project. All LIA projects must demonstrate the student’s acquired knowledge and skills. Some examples include: Cooperative Education, original research, study abroad, community service, campus related activities, developing exhibits, lab work, or clinical experience. For more information or to make an appointment, contact Student Services at 360.679.5319 in Oak Harbor or 360.341.2324 at South Whidbey.

**MATHEMATICS CENTER**
Courses in basic mathematics, pre-algebra, elementary and intermediate algebra, and Professional Technical Applied Math can be taken in the SVC Mathematics Center by independent, disciplined, self-motivated, goal-oriented individuals in a self-paced format. Videos and/or computer-based tutorials for most of these courses are provided along with one-to-one contact with an instructor. Students need to plan for a minimum of 15 hours per week for their math course. Some work must be done at home; however, all testing must be done in the Math Center. Along with the five hours of scheduled time, students should expect to spend an additional 2-5 hours per week in the Center testing. For more information contact Kathy Larson at 360.679.5357 or kathy.larson@skagit.edu. COMPASS test required. See Student Services, Room B100, 360.679.5319.

LEARNING INTO ACTION

Helping Students Apply Skills Outside of the Classroom. LIA allows students to design projects outside the classroom which demonstrate skills and knowledge acquired in college course work. Students who have approximately 45 transferable credits are eligible to complete a Learning Into Action (LIA) project. All LIA projects must demonstrate the student’s acquired knowledge and skills. Some examples include: Cooperative Education, original research, study abroad, community service, campus related activities, developing exhibits, lab work, or clinical experience. For more information or to make an appointment, contact Student Services at 360.679.5319 in Oak Harbor or 360.341.2324 at South Whidbey.

Mathematics

COMPASS test required. See Student Services, Room B100, 360.679.5319. A self-paced learning format is available in the Mathematics Center, located in Hayes Hall Room 108. Refer to listings under department heading of MATHEMATICS CENTER for registration information. Please note that all distance education and most non-distance education courses require an access code to access the course website. These access codes are provided at no additional cost with new books purchased through the Cardinal bookstore. However, if you purchase your book used or through a vendor other than the Cardinal Bookstore, you will need to buy the required access code. Visit http://www.skagit.edu/wic-math for more information regarding textbooks, calculators, access codes and other supplies. Click on your instructor’s name for information specific to their courses. System requirements can be found at http://pearsonmylabandmastering.com/system-requirements/. If you have any questions, please contact the department chair, Jeff Stady, at jeff.stady@skagit.edu or 360.679.5309.

**LEARNING INTO ACTION**
Helping students apply skills outside of the classroom. LIA allows students to design projects outside the classroom which demonstrate skills and knowledge acquired in college course work. Students who have approximately 45 transferable credits are eligible to complete a Learning Into Action (LIA) project. All LIA projects must demonstrate the student’s acquired knowledge and skills. Some examples include: Cooperative Education, original research, study abroad, community service, campus related activities, developing exhibits, lab work, or clinical experience. For more information or to make

an appointment, contact Student Services at 360.679.5319 in Oak Harbor or 360.341.2324 at South Whidbey.

COMPASS test required. See Student Services, Room B100, 360.679.5319. A self-paced learning format is available in the Mathematics Center located in Hayes Hall Room H108. Refer to listings under department heading of MATHEMATICS CENTER for registration information. Please note that all distance education and most non-distance education courses require an access code to access the course website. These access codes are provided at no additional cost with new books purchased through the Cardinal Bookstore. However, if you purchase your book used or through a vendor other than the Cardinal Bookstore, you will need to buy the required access code. Visit [http://www.skagit.edu/wic-math](http://www.skagit.edu/wic-math) for more information regarding textbooks, calculators, access codes and other supplies. Click on your instructor’s name for information specific to their courses. System requirements can be found at [http://pearsonmylabandmastering.com/system-requirements/](http://pearsonmylabandmastering.com/system-requirements/). If you have any questions, please contact the department chair, Jeff Stady, at jeff.stady@skagit.edu or 360.341.2324 at South Whidbey.

### MATHEMATICS CENTER
Courses in basic mathematics, pre-algebra, elementary and intermediate algebra, and Professional Technical Applied Math can be taken in the SVC Mathematics Center by independent, disciplined, self-motivated, goal-oriented individuals in a self-paced format. Videos and/or computer-based tutorials for most of these courses are provided along with one-to-one contact with an instructor. Students need to plan for a minimum of 15 hours per week for their math course. Some work must be done at home, however, all testing must be done in the Math Center. Along with the five hours of scheduled time, students should expect to spend an additional 2-5 hours per week in the Center testing. For more information contact Kathy Larson at 360.679.5357 or kathy.larson@skagit.edu. COMPASS test required. See Student Services, Room B100, 360.679.5319.

LEARNING INTO ACTION

Helping students apply skills outside of the classroom. LIA allows students to design projects outside the classroom which demonstrate skills and knowledge acquired in college course work. Students who have approximately 45 transferable credits are eligible to complete a Learning Into Action (LIA) project. All LIA projects must demonstrate the student’s acquired knowledge and skills. Some examples include: Cooperative Education, original research, study abroad, community service, campus related activities, developing exhibits, lab work, or clinical experience. For more information or to make an appointment, contact Student Services at 360.679.5319 in Oak Harbor or 360.341.2324 at South Whidbey.

### COOPERATIVE EDUCATION

Cooperative Education is work-based learning related to a student’s Professional or Technical major. Students find a job or volunteer placement and receive one credit for every 30 hours of work. Students participate weekly in an online seminar hosted on Moodle. Students have an option of completing 50 hours of work per credit and omitting the seminar requirement. Prerequisite: Faculty approval, followed by the completion of an orientation. For more information, visit the Cooperative Education website at www.skagit.edu/co-op or contact James Jolly, Cooperative Education Coordinator in the Counseling and Career Services office; at the Mount Vernon Campus 360.416.7684 or james.jolly@skagit.edu. Student Intern Liability Insurance Fee: $13.28.

### ENGLISH

**COMPASS test required. ENGL 97, 99, and 101 are offered concurrently in a LAB setting. The LAB consists of a combination of assigned individual work, mini-lectures, in-class presentation, and small group work. ## FAMILY LIFE – PARENT EDUCATION

### COOPERATIVES (CO-OP)

The Family Life Program, operated in conjunction with parent cooperative preschools, provides parents an opportunity to work with and observe their child in an educational setting. Parents have an opportunity to observe child behavior, to practice skills and techniques useful in working with small groups of children and to practice guidance techniques useful in dealing with child behavior. The program offers parents a support service as they bring up their children in a changing society. To register, contact coordinators in the following areas:

- **Coupeville**  
  Preschool 360.678.2232 (answering machine)  
  Janet Heverling 360.679.5347

### Year Round Programs

**Toddler Learning Center:** An early intervention program, serving families with developmentally delayed infants, birth to 36 months. If you believe your child would qualify for this program, call Rene Denman at 360.679.1039 or your local school district.

**Early Head Start:** A home visiting based program for pregnant mothers and families with infants and toddlers. At home learning is supported through ongoing activity groups. The program serves low-income parents. For eligibility information and application call 360.279.5930 or 360.279.5932.

### Comprehensive Preschool Programs

**Early Childhood Education and Assistance Program (ECEAP):** This free program is for income eligible children who are 3 or 4 years old by August 31. Classrooms are in Oak Harbor, Coupeville, and Langley. For information and application contact the ECEAP Office at 360.675.6656 ext. 5348 and from South Whidbey 360.321.0696 ext. 5348.

**Head Start:** This center-based preschool program is for children who are ages 3 to 5 by August 31 and are from low-income families. The program has two centers located in Oak Harbor. For eligibility information and application call 360.279.5930 or 360.279.5932.

### LEARNING COMMUNITIES

Learning Communities pair a composition class with another discipline to reinforce learning and meets a Learning Community requirement for all Associate degrees. Students seeking AAUCT, ABT, or AS degrees may use Linked Learning Communities to meet part of the Integrated Studies requirements. For more information, contact an advisor at 360-341-2324.

LEARNING INTO ACTION
HELPING STUDENTS APPLY SKILLS OUTSIDE OF THE CLASSROOM
LIA allows students to design projects outside the classroom which demonstrate skills and knowledge acquired in college course work. Students who have approximately 45 transferable credits are eligible to complete a Learning Into Action (LIA) project. All LIA projects must demonstrate the student’s acquired knowledge and skills. Some examples include: Cooperative Education, original research, study abroad, community service, campus related activities, developing exhibits, lab work, or clinical experience. For more information or to make an appointment, contact Student Services at 360-679-5319 in Oak Harbor or 360-341-2324 at South Whidbey.

MATHEMATICS
COMPASS test required. Math 95-99, Math 141 and Math 146 are offered in a LAB setting with a combination of self-directed problem sets and mini-lectures mixed with at home assignments. Assistance and instruction are available to students during the hours listed.
