5. Out of State Tuition – Bruce Klewer

Mr. Bruce Klewer presented information regarding the impact of the out-of-state tuition waiver. Out-of-State tuition has been waived for out-of-state students (For U.S. citizens only. International students pay a non-resident tuition: greater than in-state, but less than out-of-state tuition.), which has resulted in a significant increase in FTE students, out-of-state enrollments, and increased revenue. Whidbey Island is the college campus that has benefited the most, and Marine Technology is the program that has benefited the most. In the 33 community college districts, only four are not giving waivers. It was suggested that if SVC did not continue the waiver that the bordering colleges would absorb the students that are currently using the waiver.

It was moved by Mr. Jess del Bosque and seconded by Dr. Barbara Andersen to continue the tuition waiver for one year, reviewing the impact of the program again at that later time.

MOTION PASSED UNANIMOUSLY
VI. COLLEGE REPORTS
