- Dave Paul
- Maureen Pettitt (Data Team Lead)
- Matt Scammell
- Les Stanwood
- Gary Tollefson
- Tom Tomeoka
- Catherine Wessels

ATD Data Coach

- Jacki Stirn

Role of the Data Team

Achieving the Dream's student-centered model of institutional improvement is focused on creating a culture of evidence in which data and inquiry drive broad-based institutional efforts to close achievement gaps and improve student outcomes overall. The role of the Data Team is to collaborate with the ATD Core Team and the college community to collect, review and analyze data with the goals of 1) developing a candid analysis of the performance of the college with respect to student achievement, and 2) identifying the strengths and weaknesses of current college practices and the strategies that are implemented to increase student achievement.
