

SVC | Skagit Valley College

GRADUATE RECOGNITION

2019-2020

MESSAGE FROM DR. KEEGAN

Dear Skagit Valley College Graduating Class of 2020,

Without question, we have all been impacted by the unprecedented times in which we are living. Unfortunately, much of what we hold near and dear to our hearts has been put on hold or cancelled altogether.

It has caused us to make difficult decisions about our operations, but we have done so in support of your health and safety.

I have always looked forward to recognizing student success at our Commencement ceremonies in Mount Vernon, Oak Harbor, and Friday Harbor. In fact, it has always been my favorite annual activity. This year, I am disappointed that I will not be able to shake your hand as you walk across the stage.

While there are many uncertainties that remain, I am certain of one thing: you have taken an important next step on your educational pathway and deserve a celebration. Whether completing a degree, certificate, or high school diploma, you are well-poised for the future. Despite the challenges, the milestone you have achieved is inspirational.

On behalf of the SVC Board of Trustees, faculty, staff, and administration, congratulations to the SVC Graduating Class of 2020! Best wishes for a healthy and successful future of learning, working, and contributing to a better world.

Sincerely,

Dr. Thomas A. Keegan
President

Message from Gus

One of the few things in life that can never be taken away from you is your education. We did it! We are closing this final chapter of our time at SVC, punctuated by social distancing and zoom meetings. It has been a rollercoaster. Many SVC Cardinals just completed their educational goals, and many will continue working hard for bachelor's degrees and beyond. Wherever your path leads, I encourage you to continue learning and challenging yourself. Outside of school, it is easy to relax and forget to learn new things. Keep yourself curious. Albert Einstein said, "Education is what remains after one has forgotten what one has learned in school." Yes, you may forget some facts, like how to write in MLA format or how logarithmic functions work, just don't forget that you are capable of learning. Don't forget that you can persevere. Don't forget you did it, and remember you can do so much more. Congratulations, Cardinal! You just crossed a finish line, but it is not your last.

– **Andrew Augustus Kidane**

Message from Christian

I wish that I could be in front of you all to give this short speech, but as we all know, life happens. First, I would like to commend you all for sticking through your classes during COVID-19's surprise announcement to the world. Taking these classes online is something I am sure the great majority of us didn't sign up for, but with perseverance and dedication to our education, we all made it to the destination we have all longed for. While this may be the first step to your multi-tiered higher education journey or the step you needed to get right into work, this is an achievement that should be looked at with great pride. We have all had the late nights and fails during our time at Skagit, and this is the time to remember those moments so that you can take the lessons learned moving forward. It has been an absolute pleasure to serve you all as a student representative, program board member, and as your student body president. It is within these roles that I have learned so much about what it means to be a leader, a classmate, and a friend to those during times of need, and I am eternally grateful for the opportunities to experience such lessons. I have thoroughly enjoyed getting to know all of you as my fellow classmates, but I look forward to getting to know all of you as fellow Skagit Valley College alumni. Whether you enter the workforce, or you start at a university, know that you will always have a home at SVC where we are rooting for your success.

– **Christian King**

AWARDS OF HONOR & ACHIEVEMENT

MOUNT VERNON CAMPUS

Departmental Awards

Presented to the outstanding student from each of the college departments. Faculty members from the departments nominate and select the recipient of the departmental award during the spring of each year. The basis for student selection is outstanding course work, intellectual pursuit and extra effort in that department.

ACADEMIC DRESS

Have you ever wondered what the meaning is of the various types of robes and hoods worn by participants in a commencement ceremony? The history of academic dress reaches far back into the early days of the oldest universities. It appears that academic clothing was first introduced and worn at Cambridge and Oxford Universities in England in the 13th Century. The European custom was carried to America, but prior to 1895, the institutions in this country did not follow any particular style of costume. In that year, an academic code of dress was adopted and the standards accepted by most of the colleges and universities in the United States. Today, the black robe, hood, and cap are generally worn.
