

Student Engagement Programming:

The **Office of Student Equity and Inclusion** and **Office of Student Life** will be providing virtual opportunities for student engagement and post-election conversation through webinars, TEDx talks and Wellness Wednesdays. Additional forums such as Space 4 Flowerz (student-centered wellness programming under the direction of faculty member Angela Logan), club-sponsored student support groups, and faculty counselor-supported spaces will be communicated to students via canvas, email, and social media channels.

Reporting Resources and Contacts:

Skagit Valley College offers a variety of ways to address student and campus issues of concern by submitting an incident report to the respective team. You can find descriptions and links for all of these reports at www.skagit.edu/report (scroll to the bottom of this page).
