### **COST OF ATTENDANCE (COA)**

The COA, also known as budget, is an estimate of the cost of attending SVC for the standard academic year (Fall, Winter and Spring quarters). This amount is based on several factors including enrollment status and living arrangements. SVC's estimated cost of attendance figures for 2021-2022 are [located on our website](#).

#### ***Skagit Valley College Net Price Calculator***

The Net Price Calculator is intended to provide estimated net price information (defined as estimated cost of attendance — including tuition and required fees, books and supplies, room and board (meals), and other related expenses — minus estimated grant and scholarship aid) to current and prospective students and their families based on what similar students paid in a previous year. Here is a link to the most current net price information: <http://www.mysvc.skagit.edu/netpricecalculator/>

### **EXPECTED FAMILY CONTRIBUTION (EFC)**

Your Expected Family Contribution (EFC) is generated using a formula mandated by the Department of Education, known as federal methodology. The formula uses the information you and your parent(s) provide on your financial aid application. The EFC is a measure of your/your family's financial strength. Your EFC is **not** the amount of money you/your family will have to pay for college, nor is it the amount of money you will receive. The EFC is used to determine your demonstrated financial need.

### **FINANCIAL NEED**

Your financial need is the difference between the cost of attendance (COA) and your expected family contribution (EFC). You are eligible to receive need-based financial aid up to this amount. The Financial Aid Office strives to meet financial need with a combination of federal, state, and institutional aid programs, based on availability of funds and time of application. (*See Financial Aid Application Deadlines.*)

**ADDITIONAL REQUIREMENTS FOR FEDERAL DIRECT LOANS**

1. [Federal Direct Loans](#) – To ensure you are making an informed choice regarding student loan debt, SVC requires a [separate loan application](#) to borrow a Federal Direct Loan. Loan applications will not be processed until you have been awarded any grant aid you may be eligible for. If you are a first-time borrower, federal regulations require two additional requirements before we are able to process your loan; (1) the completion of [Loan Entrance Counseling](#) and (2) a [Master Promissory Note](#). Additionally, as a first time borrower, there will be a 30-day delay before you can receive your first disbursement. More information is provided on the loan application. Federal regulations require students to be enrolled in at least 6 credits per quarter and all credits must meet degree requirements in order to receive Direct Loan funding.
2. [Federal Direct PLUS Loan](#) – PLUS Loans are credit-based parent loans taken to assist students with their educational expenses.

**COHORT DEFAULT RATE**

2017 3-Year Cohort Default Rate (CDR) Information					
National Average:	9.7%	National Public 2-Year Average:	15.2%	Skagit Valley College:	12.7%

A cohort default rate is the percentage of a school's borrowers who enter repayment on certain Federal Family Education Loan (FFEL) Program or William D. Ford Federal Direct Loan (Direct Loan) Program loans during a particular federal fiscal year (FY), October 1 to September 30, and default or meet other specified conditions prior to the end of the second following fiscal year.
